Frank Moss was said to have been one of themen approached by Halpin. In reply to questions concerning Mr. Moss, Halpin would not say anything. He repeated that no candidate had been decided upon, that the committee on vacancies would not be called together before the end of the week and that anyway there would not be a meeting until Thursday, because he was going to Newburgh to-day to attend the wedding of Chairman Odell's son.

Mr. Moss was extremely coy. He would not say whether he had seen Mr. Halpin, but he was willing to state that the nomination had not been offered to him. "If it should come your way would You accept it?" he was asked.

"That is something I should not be pre pared to speak about until the nomination offered me," answered Mr. Moss.

There were a good many Republicans who are supposed to know how things are shaping themselves who were of the belief ast night that Senator Page or Senator Elsberg would ultimately be drafted. Between the two it is known that Halpin, acting on behalf of Odell, would prefer to have Elsberg take the job; but Elsberg has more than once declined to consider it in so emphatic language that if Mr. Halpin had gone whither he was recommended to go somebody else would be doing the man hunt. Mr. Page would not talk about the Republican situation or about the possibility this nomination, because, he said, he was

#### KING LEOPOLD'S GAME IN UP. He and His Friends Can No Longer Meed the Congo Free State. Special Cable Despaich to THE SUN

LONDON, Oct. 11 .- According to the Chroniele, King Leopold is secretly making overtures to various political notabilities with the view of procuring the immediate annexation of the Congo Free State by Belgium. The proposal will be engineered on the patriotic ground that Great Britain is seeking territorial aggrandizement at Congo State's expense, but the real reason is that King Leopold and his financial friends, who for years have bled the

State to death, see that their game is up. This is largely owing to the exposure by Great Britain and France of the administrative system of the State, which has led to the extermination of the population in large areas and reducing it in others by from 75 to 85 per cent. It is doubtful, however, whether Belgium will consent to annexation, owing to her realization of the frightful task it will be to remedy the ravages of the last ten years

#### WORE A DIAMOND NECKTIE. Bejeweled Young Man Causes Commetton in a London Theater.

Special Cable Despatch to THE SUN LONDON, Oct. 10 .- The appearance of a pale faced but athletic youth wearing diamond necktie at the reopening of the Empire Theater last night created a scene that has never been paralleled in the stalls of a West End theater, and resulted in his removal from the building. The tie was the cause of the trouble. It was a resplendent affair made in the shape of the conventional evening bow, but it was composed of large, white diamonds. No one could

avoid noticing it. The young man was otherwise a walking diamond mine. His hands were covered with jewels, and his cuff links, shirt studs and waistcoat buttons were all blazing stones. At first the audience maintained its good manners, merely raising its eyebrows as the bejeweled youth passed, but later hundreds of persons followed him about the promenade. He finally took refuge in a seat near an exit, where the attendants of the theater, fearing that an at-

tack might be made upon him, guarded him. There the fun raged fast and furious. One humorist made a speech on rare jewels, while others asked permission to touch the necktie. Finally ten men marched in Indian file past the youth, making mock obeisance. The laughter, cheers and jeers accompanying the horseplay completely destroyed the attraction of the stage, and order was not restored until the youth was

escorted from the theater. His identity and purposes are at present mysterious. His peculiar necktie was first noticed a month ago at the Palace Music Hall, but it created no disturbance. It is believed that the young man is an American, who is either engaged as an advertisement or who is paying a wager.

# CONVENTION WITHOUT DEPEN

The Senator Was Not Invited to Nominate Jimmie Apgar as Usual This Year. MOUNT KISCO, N. Y., Oct. 10 .- For the

first time in many years, Senator Chauncey Depew, was not on hand at the convention held here to-day which put Assemblyman Jimmie Apgar in nomination for an eighth term. It has been the habit of the Senator to attend this convention every fall and address his old constitutents from Peekskill and the neighboring towns in northern Westchester, who assembled in the woods to eat a turkey dinner and hear him tell how he was first nominated there for the Assembly over forty years

The failure of the Republican managers to invite Senator Depew this year is causing no end of comment, and the people of his old district are wondering if he was flagged because of the disclosures of the insurance investigation. Senator Depew is at Briar Cliff Manor, near Ossining, only a few miles from Mount Kisco, and it would have been no trouble for him to have been present if his presence was desired. convention was presided over by Wiley D. Travis of Peekskill, who celebrated his golden jubilee as chairman, having presided in every Republican Assembly convention in the district for fifty years.

### Monday is the last day. SAW MRS. DUERR DROWNED.

Former Magistrate Kudilch Says Hahn Did His Best to Save Young Woman. Capt. Wendell of the Highbridge police

station received a letter yesterday from

Herman Kudlich, formerly a Police Magistrate, in which Kudlich stated that he was a witness of the drowning of Mrs. Katherine Duerr in the Harlem River the preceding day. Charles Hahn, Mr. Kudlich said, made every effort to save her life, and in his opinion Hahn was entirely innocent of the charge

made against him. Mr. Kudlich said that he was on the Manhattan side of the river when the accident happened and saw it distinctly. He promised to testify, if desired. Otto Duerr and Charles Hahn were held without bail in the Morrisania police court vesterday in order to allow the police of The Bronx and Coroner O'Gorman time to

investigate. So far the police and the Coroner have nothing against the two men save the statements of the girl's family to the effect that Duerr, her husband, had threatened to kill her. The police began a search for the girl's

body yesterday, but did not succeed in finding it. When it is found Coroner O'Gorman intends to hold an inquest and look into the case. Hahn is Duerr's friend and has been boarding in the same house with the couple. It was said yesterday that he and Mrs. Duerr had been out together several times before. Hahn insisted yesterday that the woman was drowned by accident, and the police have nothing so far to disprove his statement. Nevertheless they asked that he and Duerr, the husband, be held without bail. Duerr said in court that he and his wife were on friendly terms.

Mrs. Duerr, who was drowned, was 18 years old and had been married a little over a year. Her mother, Mrs. Meisneck of 233 East Seventy-third street, said yesterday that two months after her marriage to Duerr the latter deserted his wife and went to Germany. His wife followed him and they returned together. Then Duerr deserted his wife again after her baby was born, and she had him arrested for nonsupport and he was sent to the island. Mrs. Meisneck told Coroner O'Gorman that when Duerr came out, he threatened his wife: That was several weeks ago. Dueri denied yesterday to the police that he had ever done so.

So far the police have not succeeded in finding the tug whose swell, Hahn says, caused the overturn of the boat in which

he and Mrs. Duerr were rowing. 1.000 CARS FOR JERSEY CENTRAL

## ERIE REACHING FOR PACIFIC

PRICE TWO CENTS.

AFANY TO INTO HISTOR WITH ORF OF SORFIFRS

Teaming Cete, What Engineered the Great Contest Marrie West, Jame Wienmitte Central Huged supposed to forcer & New Tennoemitmental Mattern Ments,

MILWAUREE, Wis Cot. 10 Nowman Ern of Stew Vorte former close president of the Pore Marquette, and the one official of that system whospersonally carried through he combination of interests and traffic arrangements among the Pora Marquette, the Cincinnati, Hamilton and Payton, and the Chicago, Cincinnati and Lonieville, under the title of the Great Central Roufe; has been elected a director of the Wisconsin

Central Rallway Company Later, when the new board meets in New York, Mr. Erts will uncloubtedly be elected rice-president of the company, in full

charge of financial matters. G. M. Cummings, president of the United States Mortgage and Trust Company of New York, was elected a director. Mr. Erb meeeeds Francis R. Hart of Boston, and Mr. Cummings succeeds Joseph S. Dale of New York.

Most important, however, is the understanding in Milwaukee financial and transportation circles that a pew transcontinental system has thus been formed, the Wisconsin Central being the link between the Great Central, controlled by the Erie, on the east

and the Great Northern on the west. The Erie system, through its control of the Père Marquette line, the Cincinnati, Hamilton and Dayton and the Chicago, Cincinnati and Louisville (the Great Central route), has traffic arrangements which carry it to Grand Haven and Ludington; on the eastern shore of Lake Michigan. Car ferries enable it to cross the lake to Milwaukee and Manitowce, and with the Wisconsin Central it would be able to reach St. Paul and Ashland, connecting with the Great Northern line for the Pacific Coast.

Any connection between the Wisconsin Central and the Milwaukee Southern, a new Milwaukee-St. Louis road, is at pres merely a conjecture strengthened by the fact that several of those interested in the latter enterprise were in the city to-day.

In any event, under the arrangement which the Milwaukee Southern proposes to make with the city, it will be required to permit the use of its tracks by the Wisconsin Central, if the latter company so desires. It is believed that such an arrangement would be of great advantage to the Wisconsin Central, as it would be able to reach its car ferry terminals easily. CINCINNATI, Ohio, Oct. 10 .- The formal home in Manhasset and who was on the transfer of the Cincinnati, Hamilton and Dayton, or as it has been known since the

acquisition of the Père Marquette system, the Great Central system, to the Erie Railway, was made this afternoon at the annual meeting of the stockholders. The 999 years' lease of the Père Marquette, held by the Cincinnati, Hamilton and Dayton, was transferred to the Erie and the contract modified with the Toledo Railway and Terminal Company, so that it may be absorbed by the Erie.

The stockholders then reelected Russell Harding of Cincinnati and Richard M. Young of New York as directors for three year terms, and Lawrence Maxwell, Jr., of Cincinnati and J. J. Robinson of Toledo were succeeded as directors by Thomas J. Walsh and John E. Bruce, both of Cincinnati.
